

BMUS & University College Dublin – Study Day 2023

 **Saturday,
14 October 2023**

 **Health Sciences Building
University College Dublin
Health Science Centre,
Belfield,
Dublin 4, Ireland**

Join BMUS and University College Dublin for a highly informative Study Day on sonographer well-being and ultrasound in general medical & obstetrics.

The morning programme addresses professional issues in sonography and sonographer well-being. For the afternoon session, attendees may choose between topics in General Medical Ultrasound (the bowel, lower limb DVT and chest ultrasound) and topics in Obstetric Ultrasound (Fetal Anomaly, Cardiac Audit, Placenta Accreta and Delivering Bad News in Obstetrics).

The campus has good public transport connections and road links.
